Best Game Ever by Ali Bery on 2017/11/30 17:16 This game is so fun and addictive! It's great because you can play with your friends, chat with other players, and customize your character with tons of cute outfits! The most amazing thing about this game is how many different achievements there are to unlock. You can even play a bunch of different mini games to win prizes! But after an hour or two that can start to get boring. So, I would say this game is great for short bursts or if you are bored or when you're on your phone at home.",

It's a really good game by Smooshie on 2019/01/13 17:05 The game has great rewards and I like how it helps with your brain and teaches you math which is pretty cool because it shows you some cool patterns. The problem with this game in my opinion is that there are glitches in the app where if you get attacked your back gets "stuck" to where it can't move away from there. Also I think in my opinion of the game after you get used to it and learn all the moves it starts getting easier and boring. Also with the coins, I feel like there should be some free ways to make more money without having to pay real cash. Like when you log on or maybe even watch some videos for more coins. Overall it's a really good game.",

Loving it by Mrs\_Dew101 on 2018/07/22 05:18 I wish that I had this game when I was in middle school and they used to make you wait to play all day instead of letting you play the game that you have on you phone. So this game has helped me a lot and I am loving it! And the diamonds are super useful and can help with building up my bakery. The only thing is that sometimes the game doesn't show me what I am supposed to be doing. I try to click a diamond and nothing happens. And then when I go on the internet and check my bakery it shows without me even buying anything! It has happened with so many things like clicking something to take a screenshot and then when I open the app it doesn't take anything of what you should have clicked but instead just shows what you already have on your phone! So please fix that so more people can enjoy this game. Thank you!",

The developer of Coin Master has been interviewed in numerous publications such as PCWorld, Pocket Gamer, AppAdvice and IGN. In December 2014 a group of students at the University of Maryland College Park released a video titled Sudden Death to promote Coin Master. The video features an NPC character created by one of the developers, who is forced to play the game against a team of players equipped with iPhones on an Android phone. The video had over 3 million views as of April 2015.",

"Coin Master" has been a major revenue source for Moon Active, having acquired over 1 million paid downloads in its initial release on Android devices as of December 2015. The game reaches #34 on the top list of grossing apps within the Google Play market. In April 2016 Coin Master was removed from the Google Play store for unknown reasons although in October 2016 Moon Active announced that "Coin Master" would no longer continue to receive updates following version 1.0. The game page on the Google Play store has remained active however.",
