On February 16th, 2019, ROBLOX announced the launch of their new anti-fraud feature called "Verified Accounts." This feature verifies account data with third-party services like Google and Facebook. The company will enhance this feature in the future by allowing users to verify their accounts with other companies as well.[29]

Roblox has been criticized for the number of advertisements in their games. In 2016, the company stated that one of their games had over 5 million advertisements. They also stated that over 18% of the players would click on the advertisements.

On September 20th, 2018 a man by the name of Mathew T. Livingston was arrested for allegedly impersonating another user, and then luring children into sending him explicit photos and videos of themselves. He would then threaten the children with the videos if they would not send him more. [40] [41]

The last way that gives users the chance to get free robux for Roblox is through in-app purchases. Some games have a feature where players can spend money on in-game items such as weapons or accessories. This may not be the most efficient way of getting free robux, but it is a good option for those who have never tried it before. You might find that you enjoy this particular feature and want to use it more often so that you can collect more free robux to your account.

Rated 4 out of 5 by Anonymous from Awesome game I would rate this game a 10 because it's really entertaining and easy to get into. Rated 4 out of 5 by Anonymous from Good Game This is a pretty good game the only thing that doesn't get me is all the money you have to pay for it. Rated 5 out of 5 by Anonymous from Great This is an amazing app, and roblox is a sweet game, but i have had some problems with it so that's why i am giving four stars for rating.
