While in general it is unfair and unwanted by most of the server community, these actions are allowed in moderation if it done for fun or is done in moderation. Ie: glitching via mods to get through a maze or etc. The aforementioned forms of cheating are not accepted under any circumstance unless properly documented, if the cheat is known and can be done by most people then it's deemed not acceptable unless given permission by admins. So be careful what you do, so that if caught you don't get banned from the server or even Mojang servers.",

The game has received generally positive reviews from critics, though many of them attributed the game's success to its unique premise. In 2021, a review published by "PC Gamer" gave "Rust" an eight out of ten score and praised it for its "very interesting take on survival". Andrew Webster of IGN gave the game a 7.5/10, stating that despite its flaws, "Rust" was one of the few games providing a dynamic, open world survival experience on the PC. He went on to say that even though he believes the game may not appeal to everyone due to its in-your-face realism, he still encourages other fans looking for such a game to try it out.",

Game worlds which offer mods generally have moderators who will not allow you to hack your game, especially when you cheat in-game using cheats. So make sure that you follow the rules of the mods and if some mods don't have any rules, then it is really better to play on other vanilla Minecraft servers for staying out of trouble with moderators. Cheating in Minecraft means breaking your own game rules and violating the server's policy about cheating. There are various ways to cheat in Minecraft, and they can be categorized into two categories based on what kind of effect does it have on the server population and gameplay experience.",
