I don't really have an answer for you, but I'm sure this is a problem that other people have as well. I think the game needs to be made less serious because people will not want to spend money on fake money (robux) if they know there's no real value behind those items they purchased with their fake money. The best way to accomplish this would be to make hats, shirts, etcetera for gamers who spend more than a certain amount of money.

Not all games are created equal and often we see them develop at an incredibly fast pace which makes us believe that this process will be smooth and easy but it doesn't always happen that way: first of all, people often have unrealistic expectations for themselves and secondly they forget to look at what others are doing and how the market reacts to new games.

To get free robux on facebook, all you need to do is set your status message as "I like [YOUR FRIEND'S NAME] on ROBLOX" and click "Share". You'll be given an extra 1,000 robux. Here's the screenshot to help you out!

ROBLOX has also been criticised for not putting up a good enough amount of effort to make ROBLOX itself safer for players. The site is not very well secured and has been known to have exploits since 2010, like one in the "Spectator Mode" which gives users complete control over other users' games with no checks or balances. It also allows users to upload executable files onto ROBLOX servers without any notification and allows them full access to other user's games and accounts.

In 2018, ROBLOX announced that it will be taking a chunk of its earnings and give it to the developers among them. Some developers are making over \$5,000 USD per month using ROBLOX. Roblox has had two cases with Microsoft. Roblox was originally banned from Xbox Live due to the game running advertisements which violated Microsoft's Terms of Service by being inappropriate for children. The ads contained anime-style nudity and extreme gore. This was later changed however when Roblox reached an agreement with Xbox Live regarding the matter between them.
