Some users have also claimed that ROBLOX never responds to or bans reported users. This is because there are many cases where both inappropriate content spreads rapidly through the site, but ROBLOX does nothing about it because they do not want to ban accounts for minor rule violations like swearing, nudity or spamming in chat.

When playing games on ROBLOX, users are given virtual currency called ROBUX that they can use to buy accessories for their character like hats, shirts, pants, and gear. On March 3, 2014 at 9:00 pm, ROBLOX announced a new app allowing users to use their iPhones or iPads while playing with friends on ROBLOX. They also announced that new features were being added to this existing app.

Implementing technology such as Oculus Rift and PlayStation VR would allow the company to create new VR games. Again, ROBLOX has been criticized due to its unusual (less than the minimum) end user license agreement. Roblox has released a new version of its app called Ava (ROBLOX's Mobile Application). See above section for more details.

Rated 4 out of 5 by Anonymous from It's really great and I love playing online with my friends. Its a really great game and helps me with my learning skills. I have lots of friends and we sometimes all play online together. It's like virtual reality but not really but still fun to play :)
