A spin-off title for iOS devices called "Coin Master: Dig Deep" has been released by United Pixelworkers and is available to play online on any compatible browser or directly through an app designed for iPad, iPhone and iPod Touch. This title was released as a limited time premium version with more in-app purchases which included more levels and content. The PC version of this title has also been released on Steam and is available to download directly from within the Steam application or from its store page. This title is similar to "Coins & Curses 2" except that it includes more in-game content.",

In April 2016 Moon Active announced they had signed an agreement with Disney to develop "Coin Master 3" for release in early 2017, targeting a Q4 2017 release in the United States and Canada. The agreement allows Moon Active to continue developing "Coin Master" alongside several other titles they have created including "Monster Park", "World War Monster", "Poke Monsters", and others. The press release stated that "Coin Master 3" will feature new 3D artwork, upgrades to the previous versions gameplay and a "remastered" soundtrack.",

Five years later... by Phil2912 on 2017/11/28 22:56 I was looking up this game to see if it still existed and that's when I found my love for the game again. It has been five years since the last time I played this, and I definitely missed the challenge that made me play again and again. Graphics are still good, gameplay still needs minor updates (minor looks like), but overall it's still a great game!! Before you write a bad review, check out your options for the game first. There are a lot of great games out there that you can play.",

Good game, needs some fixes. by Munya on 2019/04/06 16:12 It's a very fun game. I have been playing for years, and there are things that you shouldn't have to pay extra money for in the game, such as extra turns if they aren't already included. There are places that you can't craft an item that you don't have the coins to. If they made more places to go to as well as more items to craft, it would be a better game overall. The chat feature is also annoying sometimes. As soon as I open the app, it tells me there are people on the other end of the chat, and since I don't have any friends, I close out of it immediately. It really bugs me how players have different abilities than other players for some reason. I forgot the name of the third thing I wanted to say, but that's all for now. Thank you for reading!",

Good game but... by 1-2-3! on 2016/12/22 00:18 I really like this game. It allows you to come back to it later with a new board of squares that have a set pattern. In this case, all the white squares are filled in and you have to find all the words that fit in the pattern. It's really fun, although sometimes confusing as you try and decipher what is or is not a word. The only complaint I would have is there are SO many ads. They are annoying and it takes away from the flow of the game. They are also very small.",
