The art-style is that of a retro style 8-bit game and the stages in the PC version are represented by a 2D top-down perspective where the player controls their character using a keyboard, mouse or touch pad. The mobile versions are more casual and use intuitive finger gestures instead of keys to move through gameplay. The mobile versions have 3D artwork rather than 2D sprites while also allowing the player to interact with their environment and other characters as they play. Each coin character has its own unique abilities while all coins have different stats in speed, attack strength, maximum health points and jump ability. The player can also collect coins and turn them into gems and the player can use these to buy new items."

Fun but laggy by AaliyahHuggs on 2021/03/09 21:50 To start the most annoying thing in this game is how slow everything loads and how long you have to wait for everything to come! The game keeps freezing and lagging and i really dislike that. It's so frustrating when it lags and you can't do anything. It makes me delete the app. Also the amount of coins you get from spinning is way too low! It takes a lot of time just to get that much!

Overall it's a fun game but it needs some fix ups. ☐☐♀☐☐☐♀☐☐",

Some users have also criticized the game for not being as user friendly as other games. The developer justifies this by saying that they don't believe in making their game overly simplistic, but do plan to release more tutorials. It was also stated that the game does not include any missions or goals outside of getting coins and killing enemies. However, the developer states that he is working on adding goals into the future."

Good game but needs improvement by Blazinjoe on 2021/11/01 00:52 The idea for this game is great! It's really fun and all but there's a few things that need to be fixed. First off, you guys should make it so that when someone asks for a gift, the person who asked the question can see who is sending them gifts. I know this sounds kinda petty but I've been on here a while and have had this issue more than once and it's just plain annoying to have people leave you hanging by not giving you what you asked for when they accept the request. There's also something in game chat that needs to be fixed. In game chat lags way too much and it's really annoying. And lastly, please make it so people can say "thank you" to each other when they receive gifts or spins etc... I personally love this app and I would rate it 5 stars but these things should be fixed."

In January 2021, Moon Active launched a Kickstarter campaign to help fund the development of Coin Master 2 on mobile platforms. The developers of this version released an alpha version of Coin Master 2 for Android devices in December 2021. This version didn't reach beta quality however as it was quickly discontinued only three months after launch due to poor user responses regarding bugs and graphic issues. An update was provided in early 2021 which included a new tablet version of Coin Master 2.0 but this version also never went to beta. As of August 2021, Moon Active has removed all of its previous versions from the Google Play Store and App Store for unknown reasons."

You need a lot of coins by idk man on 2021/02/23 16:13 It's a fun game but you have to be extremely patient and keep collecting coins over and over again just so you can get any upgrades or anything better. It's like you're never going to get the update you want and it's very frustrating. And the whole thing where you have to spin so that you earn more coins and then you get a random chance of getting coins is just aggravating. The only reason I am writing this review now is because I played this game for almost a year while waiting for an update or something good to happen but it never did and I was sick of it. The thing that ticks me off the most is that I live far away from my friends and I wanted to be able to talk with them but you need a certain amount of coins just to be able to talk with people and I thought it was very unfortunate because when your trying to play games and win coins, it's hard and then you have to waste more of your time just so you can talk. Yes, you can use ur coins for getting power ups but in order for u not to be broke, u needa save up for the power ups so they have something interesting. If you're like me and like to talk to your friends while playing or get things for your farm, do not play this game. It is one big waste of time and it takes so long to progress. And the chat

ain't worth it either lol",

Addictive!!! by Cam914 on 2021/03/29 17:33 This is by far my favorite game. It's so fun and addictive! It would be even better if you could turn off the ads. I just love playing this game, it's never a dull moment and you always have something to do! If you like word puzzles, word searches or just want to have fun, I would highly recommend this app!! I hope the developers add a reward system for opening the app every day as well!!",
