Fun puzzle game by Momochic on 2014/01/03 21:49 I love this app!! It doesn't have the same old boring puzzles that you play over and over while you're bored at your desk at work or at home. This way you can truly test your reflexes and it's more fun than just doing the same workout video all the time. There's only a few levels of difficulty which makes it even better, because not everyone is able to solve all of the puzzles!☐",

Coin Master was generally received well by reviewers. Some praised the concept, artwork and its ability to provide both entertainment and nostalgia. Joystiq referred to it as a "trippy looking game" in their review. This sentiment was echoed by Gametrailers who referred to it as "unique". Other critics felt it was too similar to other games, especially "Tetris" and its clones, which were described as being overplayed in general.",

Crashes by Tessa816 on 2014/08/11 20:36 All of a sudden three days ago, I can't play the app anymore without it crashing at some point during the round. I've deleted and reinstalled it and everything else that goes with that but nothing works... There are no updates or anything so I'm not sure what has happened..."

Versions of the game have been released for iOS devices, Android devices, and desktops running Mac OS X. The main idea for Coin Master was first conceived in 2001 by Mike Miller, who had previously made games that pitted wizards against each other using fantasy-themed cards similar to ones used in "Magic: The Gathering". Miller was unable to find a developer to make what he saw as a "simple version" of the game, however, and so the idea went on to sit on the shelf due to lack of interest in the market at the time."

If you want to play this fun and exciting coin flipping game, just click here. Coin master game is another fun and entertaining online game that will allow you to play in your spare time. This online game is very similar to 2048, but with a unique twist to it. It's a coin-flipping game, where the next turn can be the start of another new chain! If you love crossing your fingers and hoping for good luck, then this is the perfect online game for you.

In Coin master game, we are able to get three chances every round which will make this an exciting yet challenging experience for players of all levels! The rules are simple: 1) Start or join an existing chain with two coins in it (a small number). 2) When you have a chance to flip, flip your coin to make it land heads or tails. 3) If you flip your coin and it lands on heads, your chain will add one more coin. If you flip your coin and it lands on tails, your chain will end with a space in between. 4) Keep flipping until the chain is empty or done! There are even leaderboards where we can view other players' statistics. Simply start a new game, then enter your name, and your stats will be added to the online leaderboard. Your score will consist of the number of chains, the longest chain number, how many times you've ended a chain by flipping heads or tails, and how many flips you've completed."
