Great game but... by katiebean22 on 2018/03/01 16:32 The game is fun and addictive and I have lost count of the amount of hours I've played it but there are some major issues that need to be fixed. One is the chat room. Whenever I go into a chat room full of people I usually just spam my messages out hoping to get somewhere with one person. Well, I've gotten to the point that the majority of these people don't even respond. It's ridiculous that you have to wait for them to catch up with you in order for them to chat. Another major issue is the items. You see a lot of people wanting certain items but they aren't actually available anymore. One example is a spell that costs 1000 gold coins and only gives you one use and it doesn't replenish every time you win a battle. Lastly, there are a lot of glitches happening when I play the game. Sometimes my troops disappear for no reason and sometimes I lose all my troops even though I am still making moves on the board and it gets old really fast. I would rate the game a 5 but these major issues need to be fixed."

Raiding by jdjejbndndjkd on 2018/03/28 18:34 Ok so I love the game but I was playing in the classroom and I got attacked by someone else while I was playing it. And I lost all of my troops along with half of my castle. I didn't make it through the game to see if my troops came back but it was just devastating. If you can make the game a little more fair like your secret messages and if there is a new army system that is way more fair. And if you do not want people to attack while you are playing. Then maybe put an option where we can play one by one in our own kingdoms or have a leader board or something like that? I really love the game but I think some stuff needs to be changed. Thanks if you can take into consideration."

In May 2018 Moon Active announced that they had signed an agreement with Disney to expand upon Coin Master through multiple video game projects including a new mobile title, which was announced to be released as "Coin Master 2: Disney's Wreck It Ralph". The agreement gives Moon Active access to Marvel and Disney movies, characters, and intellectual property. The developer of Coin Master cited the success they had developing "Coin Master 3: Wreck It Ralph" in getting this new partnership with Disney."

In April 2018 Moon Active announced that they had signed an agreement with Marvel Entertainment to create a new version of Coin Master based on The Avengers franchise. The game is titled "Coin Master: Marvel's Avengers" and was designed by Moon Active in collaboration with Marvel Games. This version of the game is expected to be released for Android and iOS mobile devices in 2019."

On November 17, 2018, Moon Active released Coin Master: Puss in Boots "(Kasegi 2: Bukimi no Tane)" for Android as a free app (it is not available on iOS). This "Coin Master" title features an updated version of the popular video game "Puss in Boots". The game was released in Japan initially as part of Moon Active's "Coin Masters" series. However, this version of the game was never released outside Japan. This version contains microtransactions which can be removed by paying \$4.99 USD via in-app purchases."
