"Best game ever! I love that you can play with friends anywhere, even when not connected to the internet. This game is so worth playing because of the different levels and how easily it takes all my free time. It would be cool if there were different games you could play with friends online and offline. Also, I would be better off if you could actually get coins without spending your real money on them through in-app purchases or by downloading another game that requires real money." Coins by CeceCeceCece on 2021/12/13 16:27 I love this game and have been playing it for years. I have reached a level where there is no more available to play and therefore am unable to make any upgrades for my games such as bakeries. It would be great if some of the higher levels were made available as in the past. It really is frustrating having to keep doing the same things over and over and over and over again without ever reaching new levels or being able to use anything you have won towards buying coins etc. Please let us know when new levels are available. I, for one, am ready to play them. Thank you",

This is a good game by miamaraci21 on 2021/03/29 04:20 I love this game. It's a great way to pass time and relax while you're at it. A very good app. I also love the fact that it has no ads, it's really really helpful if you have a lot of other apps open that have ads. It's great for all ages, even my young brother loves this game and actually tells me he wants to play every time I turn on my phone.",

Something needs to change. by Zeke2021 on 2021/09/10 05:59 Coin master is fun, and I like the fact that they have a few different game modes to play in. The coin collecting and buying upgrades for your home are all things that are fun once you unlock them. I have progressed pretty far into the main mode but have to say that if there was some kind of other way besides just collecting coins to get money, we'd probably be having a different conversation. The main problem is that it takes so many hours of grinding to complete one goal, and when you want to have an upgrade for your home no matter what current level you are at, it's \$100, which takes 100 coins. I've spent about 60 hours or more on this game to get my home upgraded, and most of it is just grinding coins to buy those upgrades. The second problem is the amount of advertising in the game. I think

that in this day and age, it's pretty ridiculous for a game to have ads that are obnoxiously placed one right after the other, not too long ago I paid money to remove ads from a game. It would be nice if the ads were a little better placed or different, I don't mind seeing them every once in a while.",
