Won't let me watch a video by Halvpony on 2017/11/24 22:17 This game is great. It's not the same as before because the coin and gem system but it's still fun to play and a good time waster. It's just that when I try to watch a video to get coins or gems, the ad never plays! I'll keep trying though because I love this game so much.",

In 2015 Moon Active released Coin Master: Puss in Boots "(Kasegi 2: Bukimi no Tane)" for iOS as a paid app (it is not available on Android). This "Coin Master" title features characters and settings from DreamWorks Animation's hit movie "Puss in Boots". This version of the game is free to play and offers power ups and missions. In addition to updated graphics, it also includes new enemies such as sheep, bees and a wolf who jumps around trying to knock coins out of the air. The game has received a tiered rating of 4.8 out of 5 stars (out of 7 votes), with a user review stating that "Coin Master is a great game, well worth the full price" while describing it as "The original coin master (with a few twists".",

Overall I found Coin master to be a fairly quick game to play, although it is not as addictive as some of the other games on this site. I would recommend giving it a try for 50 minutes or so and see if you enjoy it before you decide whether to purchase it at all. The game itself is free but there are unlockables such as achievements and costumes which can't be unlocked unless you decide to spend your in-game coins (which costs about \$2 per million coins). You can also still play the free version of the game without spending your coins, but you won't be able to unlock all the achievements and costumes as you progress through the game.",

Good but annoying by Mudda on 2015/04/04 20:05 I really like this game except for the fact that there are ads every time you do anything. You can also only have one game completed at a time otherwise if you put it down to go do something else and come back you have to start all over with your puzzles again. Great concept but needs some work because I had to delete this app because of the ads, which is very unfortunate because this is one of the only good word games out there.",
