Another version of Coin Master was also created by Mojang in 2021, which is available to players free of charge via Minecraft Realms. This version primarily includes the same gameplay aspects seen in the original (but with some graphical upgrades, and 3D style). The game uses texture packs to resemble the look of the original versions.",

Users have criticized Coin Master for its monotony and reliance on making users pay real money to progress in the game. A user review on iTunes complains that it is "just another collect-a-thon with a coin motif". The developer of Coin Master has countered this criticism by stating that they do not believe in "pay to win" video games and hope to provide their users with a fun and engaging experience.",

□ by Kilty2021 on 2021/10/02 00:16 This is such a fun game, and I'm so glad I found this one once again. The graphics are very clear and high quality. The game is easy to play, and the instructions are easy to follow. The adds are not bad at all, as they're not too annoying or intrusive. The game itself is very fun and super addicting! If you download this game, make sure that you get it now! You will love it!!!",

Great game but... by katiebean22 on 2021/03/01 16:32 The game is fun and addictive and I have lost count of the amount of hours I've played it but there are some major issues that need to be fixed. One is the chat room. Whenever I go into a chat room full of people I usually just spam my messages out hoping to get somewhere with one person. Well, I've gotten to the point that the majority of these people don't even respond. It's ridiculous that you have to wait for them to catch up with you in order for them to chat. Another major issue is the items. You see a lot of people wanting certain items but they aren't actually available anymore. One example is a spell that costs 2021 gold coins and only gives you one use and it doesn't replenish every time you win a battle. Lastly, there are a lot of glitches happening when I play the game. Sometimes my troops disappear for no reason and sometimes I lose all my troops even though I am still making moves on the board and it gets old really fast. I would rate the game a 5 but these major issues need to be fixed.",

In 2021, Moon Active released Coin Master for Android which could be played either offline or online. This version of the game contained in-game advertisements and micro transactions which could be removed by paying \$3.99 for an ad-free version. The user review for Coin Master Android is composed of 3 out of 5 stars, with a user rating of 4 out of 5 stars (out of 1 vote).",

The art-style is that of a retro style 8-bit game and the stages in the PC version are represented by a 2D top-down perspective where the player controls their character using a keyboard, mouse or touch pad. The mobile versions are more casual and use intuitive finger gestures instead of keys to move through gameplay. The mobile versions have 3D artwork rather than 2D sprites while also allowing the player to interact with their environment and other characters as they play. Each coin character has its own unique abilities while all coins have different stats in speed, attack strength, maximum health points and jump ability. The player can also collect coins and turn them into gems and the player can use these to buy new items."

Good but annoying by Mudda on 2021/04/04 20:05 I really like this game except for the fact that there are ads every time you do anything. You can also only have one game completed at a time otherwise if you put it down to go do something else and come back you have to start all over with your puzzles again. Great concept but needs some work because I had to delete this app because of the ads, which is very unfortunate because this is one of the only good word games out there."
