Good game but needs improvement by Blazinjoe on 2017/11/01 00:52 The idea for this game is great! It's really fun and all but there's a few things that need to be fixed. First off, you guys should make it so that when someone asks for a gift, the person who asked the question can see who is sending them gifts. I know this sounds kinda petty but I've been on here a while and have had this issue more than once and it's just plain annoying to have people leave you hanging by not giving you what you asked for when they accept the request. There's also something in game chat that needs to be fixed. In game chat lags way too much and it's really annoying. And lastly, please make it so people can say "thank you" to each other when they receive gifts or spins etc... I personally love this app and I would rate it 5 stars but these things should be fixed.",

In 2006 Moon Active released Coin Master for Game Boy Advance as part of their "Coin Masters" series. In this version of the game the player is presented with several flat screens and tasked with maneuvering 14 coins through each screen. Like the original Coin Master, once a coin reaches the exit door, that screen will be cleared of coins and new ones will begin. In addition to this time-based gameplay element, completing certain tasks with each level can unlock a variety of power-ups including 4 different types of bombs that can be used to clear out large areas of coins. Unlike its Game Boy Advance predecessor, this version was released only in Japan.",

Too many ads by Rachael Bajo on 2018/04/12 16:31 This game is very fun and I will have to admit that the game play is very well executed, but the amount of ads is way too much and you guys are not helping the problem at all. The ads do not get removed from your screen and you have to close them out just to use your items or do something. They also sometimes pop up when I don't want them to like before I open a shop. It is very annoying because you can't even go back without closing it out which ruins my plan every time. Another thing is that you have to wait for so long. You have to wait hours to even complete something. I know this is supposed to be some kind of strategy game but all it really does is frustrate the players because they can't even move forward because they had a bad streak of luck.",

Addictive!!! by Cam914 on 2015/03/29 17:33 This is by far my favorite game. It's so fun and addictive! It would be even better if you could turn off the adds. I just love playing this game, it's never a dull moment and you always have something to do! If you like word puzzles, word searches or just want to have fun, I would highly recommend this app!! I hope the developers add a reward system for opening the app every day as well!!",
