Something needs to change. by Zeke1706 on 2017/09/10 05:59 Coin master is fun, and I like the fact that they have a few different game modes to play in. The coin collecting and buying upgrades for your home are all things that are fun once you unlock them. I have progressed pretty far into the main mode but have to say that if there was some kind of other way besides just collecting coins to get money, we'd probably be having a different conversation. The main problem is that it takes so many hours of grinding to complete one goal, and when you want to have an upgrade for your home no matter what current level you are at, it's \$100, which takes 100 coins. I've spent about 60 hours or more on this game to get my home upgraded, and most of it is just grinding coins to buy those upgrades. The second problem is the amount of advertising in the game. I think that in this day and age, it's pretty ridiculous for a game to have ads that are obnoxiously placed one right after the other, not too long ago I paid money to remove ads from a game. It would be nice if the ads were a little better placed or different, I don't mind seeing them every once in a while."

Very fun but by Aaawwwwhhhhhh on 2019/01/11 23:29 It is a very fun game and I was loving it until I had played for a few months, then I realized there wasn't much of a point. I feel like if you want this game to be as awesome as it could be you should add some more upgrades. If you play the game for a short period you will be stuck on the same level for a long time. I had been stuck on a certain level for like a month before I decided to play again and it caused me to lose all of my good placements that I had racked up. If you can add some more tokens or something that would make this game better. Also I don't get why all these people got mad because they didn't get an update that they wanted. Sometimes it takes months to put an update out so if you don't get it then there is nothing we can do about it but still let people know since people are really upset that they didn't get the update they wanted."

As part of the "Coins & Curses Adventures" announcement on March 8, 2018 United Pixelworkers revealed that four new characters will be added to the game. The character and class types have not yet been announced, however they will be based off of a theme relating to real-world maps; these characters were introduced in-game on June 29th through the mobile version of Coin Master. One character was revealed each day until July 2nd when all four were revealed."

Versions of the game have been released for iOS devices, Android devices, and desktops running Mac OS X. The main idea for Coin Master was first conceived in 2001 by Mike Miller, who had previously made games that pitted wizards against each other using fantasy-themed cards similar to ones used in "Magic: The Gathering". Miller was unable to find a developer to make what he saw as a "simple version" of the game, however, and so the idea went on to sit on the shelf due to lack of interest in the market at the time."

Coin master has been out for a few months now and is the first game of its kind and has had an overwhelmingly positive response. We here at TheGamesLovers thought that we would take a closer look at how this game works, what is needed to play, and what makes it so addicting"
