The developers of Coin Master have received several honors for their game. In 2006 they were awarded a "Design Star" from Microsoft as one of "10 innovative games to watch out for". In 2008 the developer was nominated for a Webby Award in the "Best Kids' Website" category.",

The second group of "card packs" was released on August 24, 2016. These card packs were formerly available through a special offer for 25% off the base price. These cards could be purchased in sets of a single character or eight characters. Each set includes six exclusive cards and two bonus cards that are usable in both games (PC and mobile). It is currently possible to collect all twelve free bonus cards if all four character packs are purchased individually after "Coins & Curses 2" is released on PC platforms.",

In January 2016 Moon Active announced that they had signed an agreement with Samsung to develop their tablet version for release in Q4 2016. The game is titled "Coin Master 2" and will be released for Android devices. It will include cards, strategy and RPG elements and will use the Samsung GearVR virtual reality headset as well. The game was removed from the Google Play Store on July 29, 2016 however.",

A sequel to the "Coin Master" series was announced in 2013 titled Coin Master: Space Invaders "(Kasegi 3: Aratanaru Jettsuu)", previously known as "Coin Master 2." This sequel, which would feature the original coin-collecting gameplay, was originally scheduled to be released on April 27, 2014. However, it was released on July 2, 2014.",

Noooooo by Binkybunnykitty1234 on 2017/11/02 15:06 There is wayyyy too many ads in this game. It is so frustrating. I lose my lives because of all the ads. I spend money to get better equipment and try to get more lives but then the app glitches and logs me out. Then I am stuck with only a couple of lives left. Then when I go back on the app, it deletes half of my stuff that I worked hard to get, like levels that took me hours and days to complete. I would not recommend this game to anyone.",
