On January 10th, 2016 United Pixelworkers released a free "Coin Master" themed virtual pinball table through Pinball Arcade game for mobile devices, IOS and Android platforms. The developers of Coin Master have been awarded numerous awards and nominations for Coin Master and its development teams have also been recognized in a number of press releases. In July 2015 Moon Active announced that they had received financial assistance from the Jewish Federation of Greater Washington for the creation of "Coin Master". This was to aid the team in their work developing "Coin Master 2" but this was subsequently discontinued. The developer of Coin Master has revealed that he is a practicing Jew as well.",

Love the game but... by jenny1995 on 2018/02/26 21:28 I have been playing this game for a while now and I have come up with a few things that need to be changed. For one, how many times can you run out of troops? You can go through a whole hour without seeing any troops on your screen and then suddenly you will lose all of them! It really needs to be fixed cause it's so frustrating especially when you are in the middle of a battle! Another thing is that after 15 spins, the counter stops at 3 and if you don't spin again it stays there forever until you do spin again. It's too difficult to get enough coins for 15 spins and when that happens it makes me really upset because there are a lot of things I want to buy but I don't have the coins for them. It's just REALLY annoying. If someone was able to fix this, then it would be great!",

Coin Master is an "arcade" game that is free to play and does not require the user to pay in order to advance through the levels. Though in-game advertisements were initially planned, Moon Active decided not to use them, making it possible for users to download Coin Master without being interrupted by ads. Instead, they opted for micro transactions and an ad-free version. The developer explains this decision by stating that he does not believe in offering a pay-to-win type game.",
