United Pixelworkers has also created a series of YouTube video guides for the game called "Coin Master Guides" which were released on March 1st, 2011. The series consists of 18 videos each with an associated sub-series ("Hidden Characters", "Card Packs", "Simple Tips and Tricks", etc.),

Users have criticized Coin Master for its monotony and reliance on making users pay real money to progress in the game. A user review on iTunes complains that it is "just another collect-a-thon with a coin motif". The developer of Coin Master has countered this criticism by stating that they do not believe in "pay to win" video games and hope to provide their users with a fun and engaging experience.",

A spin off title for iOS devices called "Coin Master: Dig Deep" has been released by UPI (United Pixelworkers). On January 10, 2018 GamesBeat published an article that mentioned a new release titled "Coin Master: Poke Map" was being developed by United Pixelworkers for the iPhone. The game is available for iOS devices in beta form as of February 2018 and is free to download from the App Store. This title is an alternate version of "Coin Master" where players can view the world around them (using real location coordinates) and find loot based on their current location within the game. It also includes a newspaper titled "Coins & Curses Adventure" which is about "Coins & Curses Adventures". An article on the website says that the game was created to satisfy the desire of players for a Pokeman Go style experience with "Coin Master: Dig Deep".",

Good by Brenna on 2018/01/12 01:28 This game is pretty fun if you are bored at school or just don't have anything to do your self. It is super easy and addicting, but you should really use the coins because the first time I bought it was only like 20 coins. It was fine until I had to get another one. I thought it was 50 coins, but it ended up being 100 coins. It is a little frustrating but if you have nothing else to do, then this is a great game and you should get it.",
