The game has received multiple awards and honors from independent media publications including being awarded "App of the Month" on TouchArcade in June 2016 as well as receiving the "Best Game for Kids" award at the 2017 TMO App Awards. It has also been nominated for multiple awards from leagues such as The GBA Awards in the Best Gameplay, Best Social Game category and was named one of "America's Top iOS Games" by Mashable in November 2016.",

Good game but... by 1-2-3! on 2016/12/22 00:18 I really like this game. It allows you to come back to it later with a new board of squares that have a set pattern. In this case, all the white squares are filled in and you have to find all the words that fit in the pattern. It's really fun, although sometimes confusing as you try and decipher what is or is not a word. The only complaint I would have is there are SO many ads. They are annoying and it takes away from the flow of the game. They are also very small.",

Versions of the game have been released for iOS devices, Android devices, and desktops running Mac OS X. The main idea for Coin Master was first conceived in 2001 by Mike Miller, who had previously made games that pitted wizards against each other using fantasy-themed cards similar to ones used in "Magic: The Gathering". Miller was unable to find a developer to make what he saw as a "simple version" of the game, however, and so the idea went on to sit on the shelf due to lack of interest in the market at the time.",

Coin Master has received a rating of 3 out of 5 stars from 1 user review on Google Play. Coin Master: Space Invaders has received a rating of 4.5 out of 5 stars (out of 1 vote) from 1 user review on Google Play. Coin Master: Puss in Boots "(Kasegi 2: Bukimi no Tane)" is the second game in Moon Active's "Coin Master" series and contains new characters, enemies and locations such as the Seville Cathedral from "Puss in Boots". It was released July 30, 2016 as part of a fan translation by Mysty.",

A version of the game for iOS devices is available to play on the web directly in any compatible browser or through an app that works on PC/Mac or tablet devices. It is also possible to download the mobile version of the game onto iOS or Android devices and play offline. This version includes all of the features that were present in "Coins & Curses 2" which include premium packs, card packs, challenges, AND Cardboard Mode. The PC version has been downloaded over 1 million times since its initial release in September 2017 and has been downloaded a total of 1.3 million times if both PC and mobile versions are counted together.",
