"This is one of the most enjoyable games I've ever played. You don't have to be online to play, which is a big plus. You can get free coins and spins by viewing videos or playing other games. It lets you choose which level you want to play on, so it isn't too easy and boring, or too hard and frustrating. The best part is that you can play with your friends at any time! There's not only boss fights, but there are also puzzles that require you to work with other players to figure out how to beat them. A good thing (or bad thing for those who don't like boss battles) is that if you go into a fight with someone else, they will take over the game. This means you might have to just sit there and watch while they fight. If you don't want your friend to leave, you'll have to buy some extra lives by tapping on the screen." "Great game! I love that you can play with friends anywhere, even when not connected to the internet. I would only add that it is hard sometimes when there aren't enough coins, but other than that, this game is so worth playing." "This is one of my favorite games because of the different levels and how easily it takes all my free time. I think it would be more fun if there were different games you could play with friends online and offline. It would also be cool to have a way to actually get coins and lives without having to pay for them." "I love this game because anyone can play it, anytime, anywhere. But I just don't quite understand how they are trying to make money. You have these extra lives you win from watching videos or playing other games, but they are not enough unless you spend your actual lives on them through in-app purchases or by downloading another game that requires real money. I would give this game five stars except for the fact that I feel like there's a lot of potential wasted on how they are trying to make money. Hopefully the developers will change their ways."",

The developer of Coin Master has been interviewed in numerous publications such as PCWorld, Pocket Gamer, AppAdvice and IGN. In December 2014 a group of students at the University of Maryland College Park released a video titled Sudden Death to promote Coin Master. The video features an NPC character created by one of the developers, who is forced to play the game against a team of players equipped with iPhones on an Android phone. The video had over 3 million views as of April 2015.",

In October 2016, United Pixelworkers announced that they had partnered with game publisher Humble Bundle to make the company's September Humble Monthly subscription service available on "Coin Master" mobile devices.",

In August 2016 Moon Active announced that they had signed an agreement with American Apparel to create a mobile game based on their popular clothing brand, Beanie Babies. The game is titled "Beanie Babies World Tour" and will be released in 2018. The game was reported to be available for the Apple App Store in February 2018.",

The Android version of Coin Master: Puss in Boots "(Kasegi 2: Bukimi no Tane)" can be played both offline and online. This version of the game contains advertisements which can be removed by paying \$2.99 for an ad-free version. This version of the game has been downloaded over 1000 times and has a rating of 4.0 out of 5.0 on the Google Play store.",
