Good game but needs improvement by Blazinjoe on 2017/11/01 00:52 The idea for this game is great! It's really fun and all but there's a few things that need to be fixed. First off, you guys should make it so that when someone asks for a gift, the person who asked the question can see who is sending them gifts. I know this sounds kinda petty but I've been on here a while and have had this issue more than once and it's just plain annoying to have people leave you hanging by not giving you what you asked for when they accept the request. There's also something in game chat that needs to be fixed. In game chat lags way too much and it's really annoying. And lastly, please make it so people can say "thank you" to each other when they receive gifts or spins etc... I personally love this app and I would rate it 5 stars but these things should be fixed.",

1. Enter your Google Play Store application and go to the hack tool's page. 2. Download the tool and install it on your device. 3. Once installed, open the game that you want to hack 4. Start the game 5. While playing, go to your "Shop" menu and tap on "Start" to begin a purchase (of coins in this example) 6. After you are done buying coins in-game by tapping the "Start" button, wait for a few seconds 7. Close the app using your multitasker, as this will save your current progress 8. Open up our tool again 9. Go to your game 10. Wait for the mod to load 11. Once the mod has loaded, tap on "Hack" and select "Just unlocked" 12. Go back to your game and start it again 13. Repeat steps 5 through 12 until you have "unlocked" the most recent version 14. Save your game 15. This will save your current progress and once you are done playing for the day, uninstall our tool 16. Uninstall any other third party apps that may have blacklisted Coin Master: Puss in Boots (Kasegi 2: Bukimi no Tane) 17. Remove and reinstall the app after a few days to pick up where you left off 18. Enjoy the game!",
