I don't think that I will ever return to Roblox, but I can't say I won't miss it. It's the type of game that I can play and enjoy when I feel like doing so. But as much as I want to keep playing, there have been a lot of games that have come out in the past years which are a lot more interesting than Roblox, such as Minecraft and even Runescape!

On April 22nd 2015, Roblox released a beta version of the game which was named "Destination: Survival". This beta has been removed and a few of its features were added to the game "Video Player for ROBLOX" which was released on November 6th 2015.[57]

Robux is a great currency, but there are some concerns about it, so here are the concerns about Robux that have been said through forums and complaints. Robux are very difficult to obtain in free roam as bumping players often prevents them from getting any, but it can be easily obtained at gta 5 when you go to "buy weapon" then click on the option on top where you can buy bonuses like point boost, etc.

The CEO of Roblox is David Baszucki, also known as "Devdog". He made his first \$1 million by using a stock option from a company that he had worked at called Original Media. He was fired from the company for not coming up with any new products despite having achieved success in the existing ones. After this, he started to work on ROBLOX alongside his friend Owen Hill. Although Roblox was founded only in 2009, they had already made their first \$1 million by 2013.

When it comes to this premium feature, the player does not have to pay for membership in the Builder's Club (which is free) or spend money on Robux or Builders Club credits at any point during gameplay. All they have to do is purchase the premium feature and be in a Builders Club account.
