Good game, needs some fixes. by Munya on 2019/04/06 16:12 It's a very fun game. I have been playing for years, and there are things that you shouldn't have to pay extra money for in the game, such as extra turns if they aren't already included. There are places that you can't craft an item that you don't have the coins to. If they made more places to go to as well as more items to craft, it would be a better game overall. The chat feature is also annoying sometimes. As soon as I open the app, it tells me there are people on the other end of the chat, and since I don't have any friends, I close out of it immediately. It really bugs me how players have different abilities than other players for some reason. I forgot the name of the third thing I wanted to say, but that's all for now. Thank you for reading!",

In 2015 Moon Active launched a Kickstarter campaign to help fund the development of "Coin Master" on mobile platforms. It reached its target and the developers also received additional funding from a Jewish organization to support their work developing "Coin Master". It was reported that "Coin Master" had reached #1 in United Kingdom's paid apps chart by August 2015.",
