Best Game Ever by Ali Bery on 2017/11/30 17:16 This game is so fun and addictive! It's great because you can play with your friends, chat with other players, and customize your character with tons of cute outfits! The most amazing thing about this game is how many different achievements there are to unlock. You can even play a bunch of different mini games to win prizes! But after an hour or two that can start to get boring. So, I would say this game is great for short bursts or if you are bored or when you're on your phone at home.",

Great idea but... by Crhbxxra on 2015/06/20 20:56 I like this game but when you are done with your board there is no reason to go back to it and play again. This makes it really difficult to get more coins. The game should have a reward system that comes in every few days or something. I feel like I am just wasting time playing the same puzzles over and over without reward.",

A version of the game for iOS devices is available to play on the web directly in any compatible browser or through an app that works on PC/Mac or tablet devices. It is also possible to download the mobile version of the game onto iOS or Android devices and play offline. This version includes all of the features that were present in "Coins & Curses 2" which include premium packs, card packs, challenges, AND Cardboard Mode. The PC version has been downloaded over 1 million times since its initial release in September 2017 and has been downloaded a total of 1.3 million times if both PC and mobile versions are counted together.",

In 2015 Moon Active released Coin Master: Puss in Boots "(Kasegi 2: Bukimi no Tane)" for iOS as a paid app (it is not available on Android). This "Coin Master" title features characters and settings from DreamWorks Animation's hit movie "Puss in Boots". This version of the game is free to play and offers power ups and missions. In addition to updated graphics, it also includes new enemies such as sheep, bees and a wolf who jumps around trying to knock coins out of the air. The game has received a tiered rating of 4.8 out of 5 stars (out of 7 votes), with a user review stating that "Coin Master is a great game, well worth the full price" while describing it as "The original coin master (with) a few twists".",
