Good for a few hours... by Tenderly18 on 2018/06/07 01:27 I have been playing this game for over 4 years now and I kind of got used to it. But now, it is starting to get annoying. The ads are way too long and I feel like they are just there to draw my attention and make money off of people that like this game. Also, sometimes you don't get the payout you think you do for your tickets or gems. There are some things they really need to work on because otherwise the app gets pretty boring after a while."

Good game but glitches by lokeylovey on 2019/03/12 15:52 I love this game it's very entertaining and fun! However, there are a couple things that I would like to see changed. One being the chat in the game. Whenever I'm in it, all I hear is people asking each other for gifts or sending each other back-and-forth gifting requests which is very annoying. I also have to say that the bugs are pretty severe. For example, I had a chat with another player, which I was supposed to be able to skip, however it turned out that you just have to wait for her. Sometimes when the game glitches during your turn, a few opponents can attack you at the same time and you will lose all your troops while still being on "your" move. Basically, it's very annoying,"

The best game ever by katiecat23 on 2017/09/28 23:17 Best game I have ever played! It's so fun and addicting. I love this game. I'd definitely recommend it to anyone who likes games like this. It's so fun and challenging. I can't even stop playing it! The only thing that I don't like is the fact that you can't keep all the upgrades you buy, and have to keep buying them again for each different level. It would be better if you could keep the upgrades forever. Otherwise, this game is truly AMAZING!"
