In order to create a game on ROBLOX, one must first obtain a Builders Club membership (a free membership that is required). Upon purchasing this membership, players may then use the in-game tools provided by ROBLOX or the "Studio" to create games that are interactive like FPS, MMORPGs, and various other game types. The engine is not limited to 2D games like most flash games are; it can be utilized in the creation of 3D games too.

Rated 3 out of 5 by Anonymous from This game is one of my favorites This game is one of my favorite of all time, but it takes up more space than other games. Rated 2 out of 5 by Anonymous from It's ok It's okay but it's not the best thing that could be made. Rated 1 out of 5 by Anonymous from This game is bad. If u can't pay for it they kick u out. I had it on my birthday. It was good but then I got kicked out because I could not pay for it.

In 2014, ROBLOX created a partnership with the National Football League (NFL) that allowed users to make digital representations of each NFL team and play Madden NFL in-game tournaments. This has created an online community for Madden fans to play against other players across the United States and Canada. On April 30th 2018 ROBLOX released a new version of its app called Ava. Ava serves to help players craft more interesting games from their favorite video games and cartoons. ROBLOX is the only stop-motion animated game where players can make their own characters in a game and then animate them. Ava has features such as a desktop workspace, a top toolbar that allows users to interact with other Ava users, and a snap menu that allows users to snap any two blocks together to create new shapes or new objects.

In early October 2008, ROBLOX launched a blog that discusses game design techniques, new features and events in detail. This blog is updated regularly with posts from the ROBLOX development team as well as occasional guest posts from other entities such as users and other game developers.[41] In late November 2010, ROBLOX launched a forum with Frequently Asked Questions (FAQs) regarding common problems that users face when using ROBLOX Studio.[42]

On April 6, 2015, the company launched a virtual reality project called "ROBLOX VR". It allows users to play in the same virtual world and see each other's avatars. On March 22, 2017 ROBLOX released a new version of its app called Ava (ROBLOX's Mobile Application). See above section for more details.
