This one is a really annoying method to get free robux but what you can do is take advantage of the events. If there is an event, then you should grab your friends and start playing as well. Once you play for a certain amount of time, then you will get a lot of free robux. The more friends that are playing during the event, the more free robux you will be getting.

This method was first used by other players who used this tool and posted how frequently it worked for them. This is a very efficient set of cheats and it is very easy to use in comparison to other similar ones.

ROBLOX has its own program called Easy School. Easy School is an educational system that can be used to learn and teach almost any subject, ranging from math to geography. There are also tutorials for programming languages like Unity3D using C# or Java. The tutorials can be watched in the ROBLOX Workshop Edition or in-game, while teaching other tutorials are available on their website.

As of September 13th, 2018, ROBLOX has officially released the feature for all users.[86] On October 1st 2018, ROBLOX added an update which allowed players to make comments and rate their favorite games and places. The company claims that this feature was added to make it easier for players to find games that they actually enjoy playing.

Some people just find it hard to see how many Robux they will actually make from their personal game development because the process is difficult and lengthy that the estimated amount of time it takes just for 1 point can be up to 6 months.
