Rated 5 out of 5 by Anonymous from So much fun I love this game so much! There is no fighting, just chatting with your friends online and there are no missions or quests to complete to play this game. It has no age limit either, so younger kids can join in.

I like roblox but it is still not better than minecraft in my opinion because minecraft have so much stuff, people can do a lot of stuff. I think Roblox needs to get a lot of money so they can improve more stuff than they already got. I love roblox but I still think that it could be way better, so here is some of my ideas 1. It should have better graphics 2. It should have better game servers 3. There should be more new games, but there is a thing what I don't like about roblox is that the games are kind of the same every single time, and you end up playing them too many times 4. The games should either really get harder or really easier
