Roblox has been criticized for allowing children to have weapons in their games and for hosting violent games with weapons such as guns and knives. In 2018, the company announced that they would be implementing an age verification system for their games. As a result, on September 19, 2018, Roblox was one of the first services to implement this new feature.

Rated 5 out of 5 by Anonymous from The best game ever! ROBLOX is one of the greatest games I've ever played. It lets you make your own adventures with your friends or in single player mode! This game I'd give a 10/10 because you can build anything you want, and there are still many things to do. For example, if you're tired of building things, there are games to play on Roblox. You can be a police officer, a fire fighter, or even an architect! Roblox is a truly awesome game that needs to be experienced!

Rated 4 out of 5 by Anonymous from fun and addicting! I like roblox because it lets you use your imagination for building things and it lets you play games made by other kids. Rated 3 out of 5 by Anonymous from Great game! Good game for all ages, but can take up a lot of memory space!

On July 11, 2018, the "Custom Games" section of the website was temporarily removed due to a bug that caused players to be unable to see their own creations. The section was returned later that day.

Many games on Roblox are online multiplayer games. These games require an internet connection to play and players earn virtual currencies. These currencies may be used to purchase premium features or clothing, which can not be obtained in game. Players can purchase these premium features using real currency such as iTunes or Google Play credit. A key feature of this application is that it allows the users to earn free Robux through online ads and offers, and then use those free Robux for in-game currency in many popular games on Roblox such as Roleplay World or Math Trade Schools .
