On September 1, 2017, the game "Build a House, Build a Life" was unveiled. It was released on November 6, 2017. "Build a House, Build a Life" allows players to build their own dream house in the game with their own furniture and items.

Rated 5 out of 5 by Anonymous from So fun! I love playing Roblox. It's very fun to play with friends and it's so much better than any other multiplayer game that I've ever played. If you are looking for a good multiplayer gaming experience this is the one to get.

Rated 3 out of 5 by Anonymous from not good I have never played roblox before, but it's now my 3rd or 4th time playing and each time i load it, i get an error to say "login failed - 504". Rated 1 out of 5 by Anonymous from trash My user account got suspended for some reason. I didn't even know what roblox was until i got a message telling me that my account was suspended. That's it! Rated 2 out of 5 by Anonymous from To late Sorry I do not recommend getting this app. I only got it because I thought it would be fun to build a school and have students move in and learning the right skills. But that's not what this app is about.

Modifying a game's economy and XP system are the most common reasons why a Builder would want to have Builders Club Premium. With it, Builders Club members can gain more XP for everything they do in the game without having to buy anything extra. Modification of XP can also be done via third-party scripts (see below).

I guess the only reason I still play Roblox is because it's a free game and that I don't have to pay for anything. After all, what's the point of saving up your money if you have to spend it all just to try and get on a game you really want to play? There are many games out there that aren't free like Minecraft, but at least they give you some sort of advantage. For example, Minecraft gives you tools which can help you dig more efficiently and quickly. But Roblox doesn't provide any sort of help or assistance towards the gameplay itself. And it's not like Minecraft was designed with children in mind; it was created for adults.
