ROBLOX has been accused of copying a lot of games such as FNaF World. Many of these games have similar gameplay and graphics to the point where it's hard to distinguish one game from another. ROBLOX has been criticized for not doing their own style very well, especially in regards to their graphics and unique ideas.

On September 13, 2016, ROBLOX launched its tenth birthday party along with an event called BLOXtober. The purpose of this annual event is to celebrate ROBLOX's birthday and give players badges for completing The Admin's tasks every day until October 15th. The badge is called BLOXtagger and can be worn on your profile for the year. The tasks were also modified to let you earn the badges by simply logging in every day.

If you do not already have a badge, then you will gain one once you have logged in every day for two days consecutively. At the end of BLOXtober, ROBLOX held a contest called RobIXtheRave, where people were given a chance to win a large sum of money in cash by answering trivia questions that were asked throughout October 11th-13th.

The site has been called "worthless" by users such as Brianna Wu, an independent games programmer and activist. She was also specifically referencing the site's lack of any kind of real economy.[10] There have been multiple instances where money and donations were sent to ROBLOX asking for some kind of update on a game which never came to life. She has asked for the company to be more transparent in regards to this situation and stated that she will not give them any more money until they actually deliver something.

The first product launched by ROBLOX was "Builders Club" on May 21, 2006 which allowed players to create 3D environments and watch other players' creations online. This product was followed by "Dance Off" on November 29, 2006. Both of these games had been in development since the launch of the website; "Dance Off" being originally named "Crazy Dance Fight". In 2007, ROBLOX launched a new line of products called "Roblox Toys". The first and only one to be released at that time was "Helicopter", which was shipped in December 2007.

On May 14th, 2014 ROBLOX released Builder's Club which costs \$7.99 a month and required players to have it to use in place of the credits system. They later made improvements to the Builder's Club and decided to offer it for free in 2016. On April 25th, 2016, the ROBLOX website was updated to version 2.0. On September 28th 2016, the ROBLOX website was updated to version 3.0 and it had a new design with new features.
