Roblox has been criticized by parents and others for its age-inappropriate nature, and for encouraging bullying. Some players have reported being bullied while in the game, due to language or other factors. Many of these players have been reported to take their complaints to Roblox's customer service team, only to be ignored or told that it was the victim's fault. It is also reported that the staff are biased towards certain users due to friendship rather than any sort of immorality on their parts.

Premium game mechanics can also be implemented in free games. However, due to the fact that all premium features are only available in Builder's Club, in most cases they will if there is no way for the developer to observe this from a third-party mod or script perspective, then it can only be done via a Builders Club Premium.[54]

In 2014, ROBLOX took the block system offline due to an exploit that allowed users to convert infinite amounts of blocks into real currency. They eventually brought it back online after fixing the exploit.

By far the easiest way is by subscribing to all of these YouTube creators . All of them are very active so you will be sure to receive whatever they offer in no time. The most important part is to always leave a comment if there is one available. This will help the YouTuber know that it was you who subscribed and make them send more robux fast. Using these generators is extremely simple and they can be done whenever you need to, at school, work or wherever you may be! Just make sure that you do it while staying safe as one should never give out their password or other personal information on the internet. With that being said, have fun and happy gaming!

You can't win. They're removing the only value in the game. When that happens it's going to turn into a giant useless wasteland of abandoned servers that will do nothing except make ROBLOX developers richer while people are kicked off for no reason because they don't have enough money to waste on fake money.
