The game has been acknowledged for its attempted humor by including references to some real life items such as "Horse Head Oreos" and "Circle of Death" from the video game "Halo". "Coin Master App" has gained notoriety on the Internet for various reasons. One of the main reasons is that the game has a 1 in 4,000 chance of appearing on a player's mobile device. The App's "Coin Master" Twitter account posts new activity and awards every couple of minutes.",

Best Game Ever by Ali Bery on 2017/11/30 17:16 This game is so fun and addictive! It's great because you can play with your friends, chat with other players, and customize your character with tons of cute outfits! The most amazing thing about this game is how many different achievements there are to unlock. You can even play a bunch of different mini games to win prizes! But after an hour or two that can start to get boring. So, I would say this game is great for short bursts or if you are bored or when you're on your phone at home.",

They're is too many ads by hannah_dew on 2018/02/01 00:08 I love this game but they are so many ad. It is very really annoying when I am just trying to pass my time and it makes me really mad. The game takes up all of the space in your phone as well. If it weren't for all of the ads this game would be a 5 star it's unfair that you make it a super hard game and then have like 50 ads after one level. I think that you should make the ads less frequent and add more features or make your levels easier if this is going to happen then please tell me so I can see your update. I am a huge fan of this game",
