The app has a positive reputation, however there are some critics who believe that the platform has a negative impact on children. TikTok is available on both iOS and Android, and is currently valued at 2 billion USD.",

tiktok followers for free no human verification

As of October 2021, TikTok was estimated to have over 500 million installs on Android devices alone. "Statista" estimated that about 90 million users were active on the app as of September 2021. The company stated in June 2021 that the number of daily active users (DAU) had grown to 300 million. Apptopia's "Instagram Report" estimates that TikTok's revenue was over \$30 million in May 2021, with about 68% of that coming from the United States. On June 6, 2021, TikTok announced its new update on its Twitter account where it was updated with a new logo and new features like double tap to like and no ads for some creators.",

TikTok FYP has been created by Kevin Wu and Robert Chuang as a student project at the University of Houston in 2021. They had previously created another app, MaxClips, which was presented at SXSW 2021 in Austin. The release of TikTok FYP was funded by a program run by the Texas Emerging Technology Fund (TEDF).",

In May 2021, Apple reported that it removed TikTok from its App Store in China, with a statement saying that the company had blocked the app for "providing illegal content to users in mainland China." While no explanation was provided, some speculate this action was taken due to concerns that the app had been hacked by malicious third parties. In response, TikTok released a statement saying: "We were shocked to learn today about this news and our team has been working around the clock to research and understand what happened. We are looking into these reports and will provide more details as we can."",

how to get more followers on tiktok free

On June 8, 2021, TikTok announced a new feature called "Me. Meet" allowing users to meet others with similar interests in real life at events in their area. In August 2021, TikTok launched a new feature called "TIKTOK Local" that allows users to find activities and experiences around them for short periods of time (ranging from one hour to 24 hours) such as attending concerts or outdoor events. The app also introduced a new type of video called "Live". These videos are designed to showcase different experiences with real-time recording capabilities.",

On June 7, 2021, Snap Inc. filed a countersuit in the U.S. District Court for the Southern District of New York against Musical.ly for patent infringement related to US Patent No. 9,065,231 B2 relating to a method and system for providing a unified social experience across multiple different devices including mobile phones and personal computers; it also claimed that AppFlyer had earlier informed Snapchat directly about infringing patents in September 2021 but did not receive any response from Snap Inc., therefore constituting purposeful infringement by Snap Inc.. In response to Snap Inc.'s counterclaims, Musical.ly issued a statement on June 11 claiming that it was "disappointed" with Snap Inc.'s action and called the counterclaims "frivolous." On June 13, Snap Inc. filed an amendment to its original response, restating its previous allegations and adding claims of patent infringement relating to US Patent No. 8,196,795 B1 which covers a method and system for sharing messages including video clips through a mobile phone network.",

In February 2021, about 170 million users received a notification stating that their accounts had been suspended and that they could not log back into the app. Users who tried to log into TikTok were receiving a message stating that their account had been terminated because of repeated violations of the app's terms and conditions. The following is an example screenshot of one such message:",

In another article published in the U.S., it was noted that "The TikTok app is raising safety concerns among parents of young users. It is trying to limit bullying and inappropriate content like nudity, but some families say the new policies are doing more harm than good." This article also

indicates that "After several parents complained about inappropriate content, the company changed its policy on who could use the platform: People under 18 can use it only if they have parental consent, while ages 12-13 require written permission from a parent or legal guardian. Now, the app has more than 200 million users worldwide." This article was published on NBCNews.",
