Good but annoying by Mudda on 2015/04/04 20:05 I really like this game except for the fact that there are ads every time you do anything. You can also only have one game completed at a time otherwise if you put it down to go do something else and come back you have to start all over with your puzzles again. Great concept but needs some work because I had to delete this app because of the ads, which is very unfortunate because this is one of the only good word games out there."

The fifth group of "card packs" was released on November 11, 2016. These card packs were formerly available through a special offer for 33% off the base price. The cards were originally released as an exclusive offer for United Pixelworkers' third anniversary."

The current version of the game contains the following features: On June 3, 2016 Coin Master - Cardboard Mode received an update to implement support for iOS devices which included a new background, shutter glasses, cropping and screen rotation. Along with this came a new Cardboard Mode icon to reflect these changes. This update can be downloaded from both Google Play or directly from Apple's App Store."

Great idea but... by Crhbxxra on 2015/06/20 20:56 I like this game but when you are done with your board there is no reason to go back to it and play again. This makes it really difficult to get more coins. The game should have a reward system that comes in every few days or something. I feel like I am just wasting time playing the same puzzles over and over without reward."

"Coin Master App" has been rated as 4 stars out of 5 on Google Play(4.6) and 4.5 stars out of 5 on the App Store(4.5) for both Android and iOS devices. It has also been rated as 4 stars out of 5 on Amazon(4.17)."
