For me, I think that one of the most important skills that I have developed is patience. In Roblox I am required to be patient with my friends, because most likely they will not be online when I want to play with them. Posers are also another big part of the game where people pretend that they are someone else but if you tell them they can't do it then they will stop being so fake and start being their true selves again.

If you don't want to take this serious then stop reading now, but if you want to see what I'm talking about, continue reading. You might feel a little confused about what I'm trying to say but I'll explain it further below.

In February 2017, ROBLOX had \$3 million in revenue.[53] They had \$9 million in revenue in May 2017.[54] In February 2018, ROBLOX had \$16 million in revenue.[55] The list of minimum system requirements for running Roblox can be viewed here: System Requirements for Roblox (supports Intel HD Graphics 3rd generation or newer). All of the requirements listed are "minimum" requirements for running Roblox. Many people play Roblox on a computer with older graphics cards, or even without any GPU at all. Roblox can be run on many different operating systems, such as Windows, Mac OS X (Snow Leopard and below), and Linux (Ubuntu and below). It has also been confirmed that Linux can run ROBLOX.[56] The minimum system requirements for running ROBLOX on Linux are listed here: Minimum System Requirements for Running ROBLOX (supports OpenGL 1.0 or higher).

When one makes inappropriate content in Roblox-like swearing in their username or wearing inappropriate clothing they are roleplaying as an adult - the creators aren't doing anything about it. There are moderators but there should be more because some do not care about these problems or do not log on to Roblox at all times.
