The lawsuit alleged that Roblox had an HR department that was unequipped to deal with discrimination and harassment claims, falsely stated employees' work hours to avoid providing overtime pay, and broke state laws regarding how long time employees must be given notice before being laid off.

Not only that, but since "Robloxian life" lasts so long, many players have to pay to charge their battery or buy power packs and if players don't have enough money to spend, they can lose interest.

This method is similar to the last one but there are a lot of difference between this method and the last one too! The difference between this method and the last one is that this it will require a lot of time to complete and there are also some missions involved in this as well. In order to get free robux by doing the missions, you will have to complete the missions that are listed under tasks of your user account. You have to complete a lot of these tasks in order for them to complete and for this reason, it will take a very long time to complete. However, once you do all of the tasks that are assigned, you will get a lot of free robux and you can use them in order to buy some cool items or invest in weapons for your character.

As a result of these allegations, another employee named Kent Duryee filed a lawsuit against Roblox in March 2018. Duryee claims that he was also wrongfully fired by Roblox after attempting to report misconduct at work earlier in 2017 but nothing was ever done about it. The lawsuit, which is currently still ongoing, is asking for \$5 million in damages and \$1 million in lost wages.
