Fun but.. by The redhead cat on 2015/11/24 00:04 I love this game but the only thing is that ads keep popping up when you're just trying to play. I have a iPad so it's not a small screen and I know it's not my WiFi because all other games don't have that problem. It keeps happening when I'm in the middle of playing, which makes me lose and I just hate that part about it.",

"This is one of the most enjoyable games I've ever played. You don't have to be online to play, which is a big plus. You can get free coins and spins by viewing videos or playing other games. It lets you choose which level you want to play on, so it isn't too easy and boring, or too hard and frustrating. The best part is that you can play with your friends at any time! There's not only boss fights, but there are also puzzles that require you to work with other players to figure out how to beat them. A good thing (or bad thing for those who don't like boss battles) is that if you go into a fight with someone else, they will take over the game. This means you might have to just sit there and watch while they fight. If you don't want your friend to leave, you'll have to buy some extra lives by tapping on the screen." "Great game! I love that you can play with friends anywhere, even when not connected to the internet. I would only add that it is hard sometimes when there aren't enough coins, but other than that, this game is so worth playing." "This is one of my favorite games because of the different levels and how easily it takes all my free time. I think it would be more fun if there were different games you could play with friends online and offline. It would also be cool to have a way to actually get coins and lives without having to pay for them." "I love this game because anyone can play it, anytime, anywhere. But I just don't quite understand how they are trying to make money. You have these extra lives you win from watching videos or playing other games, but they are not enough unless you spend your actual lives on them through in-app purchases or by downloading another game that requires real money. I would give this game five stars except for the fact that I feel like there's a lot of potential wasted on how they are trying to make money. Hopefully the developers will change their ways."",

"Coin Master" won an Honorable Mention from the 2015 Indie Royale Awards for "Best Card-Based Game". As "Coins & Curses" received mostly positive reviews, Mike Miller announced in September 2016 that a sequel to Coin Master was being developed, titled "Coins & Curses 2". It was released on iOS and Android on December 8, 2016 with some of the original developers from Coin Master returning to work on the game.",

The game's website also has a hit counter that updates every five minutes. The game also tracks player activity by awarding quest coins based on how many games have been played and how quickly they are completed in the app. The rarer a card is used in a match the more coins earned.",

Good but... by minecraftgirl_1234 on 2018/02/18 22:32 This game is great i love it but there are WAYYYY to many ads and the coins aren't cheap at all. I don't mind watching ads for getting coins and what not but I don't do it all the time like you guys want me to. I only have a small allowance which means a lot of my money goes to starving myself on this game. And if you get an ad like once every hour just be thankful for what you get because 90% of phone apps are like that or even worse. Anyways it is a great game and I love it but there are some glitches. Like when I'm clearing the road, I have to tap on the broom to be able to sweep and keep tapping until it unlocks which causes me to lose a lot of lives. Also you could fix one of the new updates where coins and gems and tickets go away sometimes. Sometimes they don't even go away if you got them from one of the game features. And those features are part of getting coins and gems. What about lucky tickets? And if you have this problem too then just tap until it unlocks then get off for like 5 minutes or so then re-open the game. That usually fixes it. Also please fix the issue with the ticket counter. I don't know what it is but I've been watching a lot of videos and forums and they say that if your game is running slow then you should get rid of the "Greatest Hits" feature but you don't get any more coins or like any more credit for using that feature. It's just a wasted ability.",
