On October 8, 2017, they released a video showing large amounts of bugs and glitches in the game Frostbite. These include several bugs that allow for players to place guns and kill other players in mere seconds. ROBLOX said on their blog that this was due to an "incorrectly prepared prize package" but later stated that it was an error during a new update of their "Prototype Editor", which was supposed to have fixed the issues, but evidently did not.

Please make a map creator way better than the one in game just because it's not as organized. There should be more detail to every single item. Make an option that if you move your mouse over an item it will tell you what that is and how to use it and everything else about the item.

In this day and age, there are many ways that you can buy free robux. For example, you could perform a search on the internet for "get free robux" and see what comes up. This will take a few minutes but it may be worth it, as you could find online posts that recommend certain websites or apps where you can get free robux. You may not be sure if the website is safe to use, but just type in "free robux reviews." If there are any reviews posted about a site or app, they should tell how effective it is at providing users with free robux. If you find an app or site that looks legitimate and safe to use, then you could start reading about it. The first thing you should do is read the terms of service, as this will tell you if there are any fees attached to using the online application. If there are no fees involved, then it might be worth giving the website a try.

On July 1, 2018, ROBLOX began making all of its games free-to-play with a subscription option called "Roblox Pass" that allows users to keep playing their favorite games without having to pay anything after their trial period is over. It will be put on a student's school/work computer and will include ROBLOX STUDENT only games (e.g. ROBLOX High School & ROBLOX High School Life). The "Roblox Pass" feature is only available to users on the official ROBLOX website and all other versions of the game will have to be paid for.

On May 31st, 2017, ROBLOX announced that they would be adding the ability to purchase ROBLOX Points via PayPal, which will allow for them to offer virtual currency for in-game items and ROBUX purchases.[17] The announcement was made on the official blog.
