On August 28th, 2019, ROBLOX announced that they had implemented a new "Safe Chat" feature into their game catalog.[104] This feature would allow users to talk about anything they want while still ensuring that it is kid-friendly. This removes the previous chat restrictions that all users had and makes it so that younger users can play games without worrying about talking to strangers.

The company released "Build a Buddy" in February 2018, which allows users to create customizable figures of themselves. On November 13, 2018 ROBLOX released a new version of its app called Ava (ROBLOX's Mobile Application). See above section for more details.
