ROBLOX does not allow players below the age of 13 than sign up for an account. This is because of the maturity level that ROBLOX expects all players to have. ROBLOX does not allow users to make profanity in the game and the server does not allow it, however there are many areas on the game and on their website that do, such as chat boxes in games. They have also recently added a filter button which blocks certain words from appearing in chat. This feature was created to block words that appear to be offensive and potentially harmful at times.[42]

How about having a system where you can trade other players items and for their items you can trade them.. and also it would be better if someone was able to get ban for inappropriate activity but at least it would give them an option to choose from and no one should be allowed to use excessive exp which is currently going very bad in the game... How about aswell have a better chat message system as well as on roblox the roleplay activity is pretty dead....
