Minecraft Carpentry Mod This mod is another one of the most popular ones out there because it allows players to build and build rooms. The rooms will be made out of wood and will give players access to the skinning block. The room will also have smelting, building, and even enchanting blocks so that players can't get stuck when they try to do anything else with their time. More Info Download: CARPENTRY MOD",

The game features a dedicated server browser interface on the official website which allows players to choose from a selection of servers to play on, although these are not all guaranteed to be free from hackers and cheaters. Note that some servers may be permanently locked by hackers as a form of revenge. To gain access to such rarer servers players are usually required to send an email request.",

Minecraft Bedrock Edition is a new game on the market. It's like Java version of Minecraft, but everything is changed to be more like mobile or console. It has all of the original features of Minecraft and you can play with your friends, make new friends and chat in real-time right from your phone.",

Players go to survival maps and try to outlast each other by surviving as long as possible without breaking blocks. Random World Servers: Players build a random world in which you aren't guaranteed the same biome behind every block. All the biomes can be accessed by "spawning" into them in survival mode through an anomaly.",

In the game of Minecraft there are different types of blocks such as Stone, Wood, Iron and many more. All of these blocks are available in every version but it is up to you to unlock more of them within each area you play on (this is known as saving worlds). Every version also includes a number of mobs. This is the name given to all of the characters you can see in game. Some of the mobs will be friendly while others will just want to hurt you (especially if they are hostile). But there are some friendly ones that will help you out!",
