Rated 5 out of 5 by Anonymous from All time favorite Roblox is the best game ever! I've been playing it since 2008 and have made hundreds of friends I still talk to today. It always has new updates, and the staff is pretty cool. I definitely recommend this game to all ages!

Roblox is heavily criticized for being an extremely time-consuming game. A player who wishes to play it must spend several hours creating content, which other players can then download and use. This has also been called "Binding loss".

The best thing about this generator tool is that it doesn't require any download or installation. All you need to do is to just go through the instructions and follow each of the steps that are provided for you. This will make using this hack tool very easy, especially for inexperienced users.

In February 2014, the popular user "mæpcity" was hacked by unknown users who had created a character as an avatar for the hacker group "Lizard Squad". The avatar's name was changed to "pedobear", an image widely associated with child pornography. Several other users' accounts were also compromised by the group's activities.

In December 2011, a lawsuit was filed against Roblox for copyright infringement, in which ROBLOX is accused of copying the entire codebase and game assets of "Infinity: The Quest to the End of the Universe". A cease and desist was also filed against ROBLOX in September 2012 by a head developer from the website Games Done Quick for using their copyrighted content without permission.
