Spamming: Roblox has been criticized for its extreme amount of spam. Some examples include the "Free Robux" scam, where people are tricked into giving their username and password to a third party so that they can steal their Robux, and the "You Have Been Tricked" scam, which consists of the offender saying something along the lines of "DON'T TRUST. HE IS TROLLING ME."

Some other ways that these generators get more traffic is through sending out promotional codes on social media sites like Twitter or Facebook while also using email marketing techniques.

ROBLOX also has a plugin called "Google Play", which allows any application made with Google Play's interface to be distributed on ROBLOX. The first release of this plugin was in April 2015, but there have been many updates since then.

Like I said, the free robux is a great thing to have in your account for almost everything that you need in the game. And it's also very hard to find free robux. There are other ways to get free robux, but they are very hard if not impossible to get most of them. Also, if you don't want people to actually see your ingame character with free robux, then this is the only way that I have found so far.
