There are lots of resources where you can find Roblox promo codes and there are also a lot of hacks to help you get free robux. You can find Roblox promo codes in different forums and cheat sites as well. If you do choose to try out the hacks, remember that those websites can be prone to attacks and they might expose your security details which could result in your account being deleted.

ROBLOX has also been compared to popular game Minecraft. In many ways, they are similar; both games have been developed by one company (Tencent) and are usually sold on the same platform (Windows, OS X, iOS, Android). Another close similarity is that they both have their own in-game currency system. However, Minecraft has a different style of gameplay relating to platforming; while ROBLOX players build and destroy using building blocks, Minecraft players explore a world.

ROBLOX Studio 2.0: On December 28th 2018, ROBLOX announced a new version of their Studio known as "Studio 2.0". The company claims that it is meant to be a new version of their previous releases which contains many improvements and better tools. It also allows users to earn cash if they choose to sell their items in the catalog.[91] On January 1st, 2019, ROBLOX updated the game and added a feature which allowed users to get an early access for Studio 2.0.

Once you get enough free robux, just go back to your game account and manage it and then you will be able to buy cool items or invest in some cool weapons as well.
