When they are in a group with someone who they hate and they click the chat head and they try to type something and it doesn't show up. I know that there should be a way for them to see what they were typing but there is not. That's the only thing that bugs me about this bug because it makes people mad. If you want these bugs or glitches fixed or changed please comment down below.

Rated 5 out of 5 by Anonymous from Best thing to do with friends Who doesn't like playing video games with friends or family?
