Players try to keep up with others by making and buying new items. It's not always easy to come up with the money to buy items, but thankfully, you can earn robux for free and buy new clothing, accessories, and gear for your avatar.

ROBLOX TV and the Roblox Channel: On September 22nd, 2018, ROBLOX released an official channel for their website named "ROBLOX TV". The channel showcases many games that can be played on the website.

Most Roblox games are made with the 3DTotal modeler because most of ROBLOX's games use 3D models rather than textured 2D ones. Paint is also a popular option for creating objects and UI elements due to its simplicity.

On October 10, 2018, Roblox announced that they will be selling 49% of their ownership stake to Tencent Holdings for \$100 million. The transaction is subject to approval by the Roblox board of directors and Tencent before it goes into effect. The acquisition is part of a strategy by RoLabX to become a global gaming powerhouse with operations in China. The deal also confirmed that Tencent will continue to operate as the chief customer and user experience partner for ROBLOX.

The purpose of this update was to improve the player's experience of ROBLOX's website and also earn more revenue for ROBLOX by making users spend more time on their website (thus charging users extra money). The biggest change in this update was the live chat feature, which allows players to communicate with other players while playing and has recently been updated to be implemented directly into every game on the site.
