Rated 4 out of 5 by Anonymous from Good website with good games and fun! This game is really fun and you can make your own games or play the ones all the other people have made! Rated 3 out of 5 by Anonymous from A great game but it costs money that is the best game ever unless u have to pay

ROBLOX originally only accepted payments through cryptocurrency, but later, it was changed to cash prices. The Roblox Corporation is a business that created ROBLOX as well as many other games such as Bloxburg and Bloxburg B.V.. Bloxburg B.V. was a subsidiary company of ROBLOX that was formed in September 2015 to create the HTML5 version of Minecraft. They have created some "Minecraft-like" games such as SEER and INRIX, as well as the HTML5 version of Minecraft itself called "Bloxburg".

In response to these criticism, the ROBLOX website says that "Roblox does not condone the use of unauthorized software programs in games.". However, this is not always the case as all users have full access to all of their content. In addition, if a publisher chooses to remove a particular asset from their game they cannot be held accountable for it."

Roblox cannot afford to go down the path of Farmville. They need to remain an open source program for everyone, where people can come together as equals and play fun games without being forced to pay money to be able to continue having fun within their virtual world. People who think they can't afford to pay should just get used to not having an ROBLOX account because that's what's happening. People are being kicked off the server by player banning.

The CEO and founder of Roblox is David Baszucki, who is also known as "Devdog". He made his first \$1 million by using a stock option from a company that he had worked at called Original Media. He was fired from the company for not coming up with any new products despite having achieved success in the existing ones. After this, he started to work on ROBLOX alongside his friend Owen Hill. Although Roblox was founded only in 2009, they had already made their first \$1 million by 2013.
