The latest update of Minecraft is Minecraft version 1.8. It's been out for a while already but that doesn't mean it's old! In fact, this is the most recent version of Minecraft that's been out and we're here to show you how to download and install it. We also have the latest Minecraft version 1.9 on this page!",

Some features that are currently not included in the game but are planned for future iterations include a fully dynamic weather system as well as the ability for players to tame animals and ride them",

How to Connect to a Minecraft Server – The way in which you connect to a Minecraft server depends on what kind of server you are using. If you are using a Bukkit or Tekkit server, then the connection will be handled automatically and everything connected through the same IP address. You can connect directly by typing the IP address into your internet browser or the host name of the server. If you are using an individual private server, you will need to know an IP address of where your Minecraft Server is located. The easiest way that anyone can get this information is by going to their router's configuration settings and finding out the IP address given from them. This IP address is different for each device and will be different every time that a person uses it.",

How to Download and Install Minecraft Update 1.3.2 STEP 1 Download the Minecraft update 1.3.2 file here (for Mac). STEP 2 Download the Minecraft update 1.3.2 worlds generator here (optional). STEP 3 Download a Winrar alternative called 7zip and use it to extract the downloaded file.. STEP 4 Locate the download folder and copy over the contents of it into your Minecraft game folder located at C:\Users\YOUR\_USERNAME\_HERE\AppData\Roaming\.minecraft\. STEP 5 Restart your computer. Your Minecraft update 1.3.2 world should now be ready to play! To confirm, in the game settings, you should see the 'New world' button that reads "1.3.2". If you don't see this button, then something has not gone right - make sure you install the Minecraft worlds generator before trying again! Enjoy!",

How do I Join a Minecraft Server? – There are multiple ways that you can join a Minecraft server depending on what type of mod support it offers. The first way that you can join a server is by manually entering the IP address or host name into your internet browser. When this page loads, click on one of the available selections and then select to join it. If you are using a Bukkit or Tekkit server, then you will need to download their respective client before connecting. The instructions for downloading and connecting to these servers are usually included in the website's instructions on how to connect. The other way that you can join a Minecraft server is by joining through another Minecraft user who is already online. If someone invites you then all that you have to do is click on their name and it will take you directly there.",

The worst part is that, there are no anti-cheat systems in Minecraft, so you can just hack all day and night and the server owner will be fine with it. However, this is not recommended because of the consequences you might suffer from when you have a moderator or admin to kick or ban you out. If you want to obtain the same advantages of cheats, but don't want the risks associated with cheats, then try using mods instead. Unfortunately, pro players who get banned for cheating will use ban evading methods which will allow them to bypass bans or avoid detection from server administrators. Many servers have picked up on this and started filtering IPs for known cheats and ban evaders.",

The great thing about Minecraft is that it gives you unlimited freedom to do whatever you want. Sometimes the game can be a bit boring or repetitive, so there are a lot of people who choose to download mods in order to change how the game plays. Minecraft is a fantastic game, but it can get boring rather quick if you don't add some mods to spice things up. If you have noticed your Minecraft friend getting bored with the game and not playing as much, then the best thing to do would be to introduce them to mods. Mods are basically programs that make changes to your Minecraft game, and they have an unlimited number of uses. Some of the most popular mods out there adds extra blocks or tools, while others adds features like guns or zombies. Whatever kind of mod you are looking for there is bound to be one out there that suits your needs, and all you have to do is download it for free from the internet.",
