On Jan 25th, 2017 version 1.0.43 was released for iOS and Android devices including gameplay updates and bug fixes. On Dec 12th, 2016 version 1.0.42 was released for iOS and Android devices including gameplay updates and bug fixes.",

The first group of "card packs" was released through United Pixelworkers' Facebook page on August 1, 2016. These card packs were formerly available through a special offer for 33% off the base price. The first card pack was available to those who had already purchased a premium pack in "Coins & Curses 2" and could purchase two additional premium packs for their existing account. For new users it was a one time purchase that could be used across multiple accounts on both mobile and PC versions of Coin Master and Coins & Curses 2. The cards were originally released as an exclusive offer for United Pixelworkers' first anniversary.",

In 2006 Moon Active released Coin Master for Game Boy Advance as part of their "Coin Masters" series. In this version of the game the player is presented with several flat screens and tasked with maneuvering 14 coins through each screen. Like the original Coin Master, once a coin reaches the exit door, that screen will be cleared of coins and new ones will begin. In addition to this time-based gameplay element, completing certain tasks with each level can unlock a variety of power-ups including 4 different types of bombs that can be used to clear out large areas of coins.

Unlike its Game Boy Advance predecessor, this version was released only in Japan.",

Fun, but.. by Aqueela on 2014/12/14 12:46 First of all, I love the concept of this game and, as an avid puzzle solver, I enjoyed completing the puzzles needed for each level. The game has some great features such as timed puzzles, word hints and more. However, I do have a few criticisms. First of all, the ads are sooo annoying! I've downloaded over 10 games in the past 2 weeks and every one of them had to be deleted because of the ads. Secondly, I was kind of annoyed with having 2 sets of tiles in a level then receiving new tiles from the previous board when you complete it. Finally, the timed levels were not that challenging and could have been better developed (so that you could make mistakes without losing time).",

Love this game by Lucky315 on 2013/07/21 13:24 I love this game. I'm not very good at it yet, but I can already tell that it's going to be a favorite. Great job! There are so many ads though, if they weren't there I would rate this app 5 stars!\"",
