Minecraft Bedrock Edition offers a much more convenient way to play Minecraft and it's compatible with iOS, Android and Windows 10 devices. You don't need any special hardware or software in order to use your server. All you need is a mobile device to connect to it and you're ready to go. The process of starting your server is very simple and anyone can do it, so you'll be playing in no time! You can also make purchases with in-game currency for extra characters, skins and other stuff from the Minecraft Marketplace, so if you decide to buy something from there you won't have any problems or issues at all.",

Features: Build with unlimited resources This feature will allow you to build infinite worlds and see infinite resources appearing in your world. Build instantly With the help of this feature, you will be able to build your world instantly without any problems. No plugins or Java required Download Minecraft Hack on your smartphone and start building virtually anywhere at anytime. No limits This feature will allow you to explore an infinite amount of blocks and build your structures wherever you want in a snap. Anti-Cheat hack This tool is designed to keep most Anti-Cheat hacks in check. It uses a simple micro-level anti-cheat system to keep hackers from cheating on your game. You'll get the most out of this tool if you're into building, exploring and having fun playing with friends. Save the world This feature will let you save your world once the download has completed, so that you can resume from where you left off whenever you want to play again thereafter. It does not require any downloads of any kind as it is entirely cloud based. Free to use This feature is completely free to all users out there. This means that you can start building infinite new worlds, and explore them at all times without any issues."

Some players use a variety of hacks, cheats and exploits to gain an advantage over other players. These are typically known as "maphacks" and give players the ability to see through walls, fly around the map, teleport between locations, and relocate blocks from one place in the map to another."

Beginning December 1, 2020, you will need a Microsoft account to buy and play Minecraft Java Edition. If you don't already have one you can create one for free! For players in South Korea, you must be 19 years of age or older to purchase and play the Java edition of Minecraft.

With all this being said, it's obvious that Minecraft Bedrock Edition offers the best user experience of any version of Minecraft to date. If you're looking for a way to play with your friends without spending a dime, then Bedrock Edition is the way to go."
